FERTILIZER.

FERTILIZER.

The unexampled success of this renowned manure during many years, ha for a reputation which few other fertilizers can claim. Its sales are very extensi in all parts of the country, especially in those parts of the South where cotton and corn are argely grown. So decided and positive have been its results on these important staples, hat in many sections it is preferred to all other manures.

W HANN'S RAW BONE SUPER PHOSPHATE

Whann's Raw Bone Super Phosphate

is prompt and ective in its effects. It starts the young plant vigorously, and by furnishing a steady supply of nutriment during the period of its growth, brings the crop to a healthy maturity in time to escape the ravages of early trosts.

We offer this well known fertilizer to our friends, confident that they will concur in the orinton of the leading planters of the South, that for Cotton and Corn it is unequalled.

AMMONIATED

SOLUBLE PHOSPHATE

Is said to be the best fertilizer ever used, and is the cheapest by \$5.00 per ton of any Standard Fertilizer sold in the State. Gentlemen who used it last season and have bought again this, WRITE US CONCERNING ITS EFFECT as follows: WAKE COUNTY, N. C., December 21, 1873.

MESSRS, A. C. SANDERS & CO., Raleigh: MESSRS. A. C. SANDERS & CO., Raleigh:
Gents—I used the ten (10) tons of the Star Phosphate bought of you last Spring, and it
turned out as well, if not better, than either of four different kinds that I used. I am
well pleased with it and wish you to reserve me some for next season.
RUFUS J. IYEY. Yours truly,

NEAR RALEIGH, N. C., December 18, 1873. MESSES. A. C. SANDERS & CO., Raleigh:
Gents.—The Star Phosphate bought of you last season acted exceedingly well on
my plantation, and I shall use it altogether next season.
Willis H. Whitaker. FRANKLIN (OUNIY, N. C., December 22, 1873.

MESSUS, A. C. SANDERS & CO., Raleigh:

Gentlemen—I cheerfully recommend the Star Phosphate I bought of you last season as a No. 1 Fertilizer. It think it equal to any I ever used.

Yours truly,

W. K. DAVIS.

BEAUFORT COUNTY, N. C., December 29, 1873.

MESSES. A. C. SANDERS & CO., Raleigh:

Gentlemen—I take pleasure in recommending the Star Phosphate, bought of you last Spring, to all farmers as a No. 1 fertilizer. I co sider it qual to any I ever used.

W. A. BLOUNT.

for the support of the charitable Institutions, Penitentiary and for general purposes is only 313 cents on the \$.00 worth of property. This is barely sufficient to carry on the State government, much less to pay interest on old bonds.

The total amount of tax this year

H. W. Mays, Sheriff of Alexander county, brought to this city yester-day, for confinement in the Penitentiary, three colored persons named Ed. Lowrance, Claiborne Patterson and Amanda Patterson, sentenced for robbing a store. The length of terms were not learned.

Dr. A. H. Lindley, at the Yarboro House, desires to state distinctly that he makes no charge for examination, consultation or prescription in any medical case. But surgical cases will be charged for at regular rates, and he desires all who are afflicted, without any exception, to call upon him without hesitation.

We learn, says the Charlotte Democrat, that W. Garl Brown, Esq., of Raleigh, the best portrait painter in this country, will soon visit Charlotte to do some work already engaged. Those wanting portraits will then have an opportunity to get su-perior work done. Mr. Brown is well known in this city, having on previous visits painted the likenesses of several of our citizens. We verily believe that as an artist, Mr. Brown has no superior.

The Crescent has changed hands and is now conducted by Mr. J. S. Hampton. Mr. Kingsbury retires. We regret much to lose Mr. K. from We regret much to lose Mr. K. from the fraternity, as he is not only an ornament to the profession in point of culture and accomplishments, but is a gentleman genial and polished in his social relations. The right hand of fellowship and good-will is extended to Mr. Hampton and a hearty welcome is given him as a co-laborer in come is given him as a co-laborer in the field of journalism. Mr. H. combines energy with talent. Success to the luminary.

THE FALLS OF NEUSE.—The Wadesboro Argus, in its issue of the 19th inst., has the following in relation to this well known paper mill of this county. This mill does a very large and was a paper to say its county. large and, we are happy to say, increasing business. The Argus is right when it says that the paper manufactured at this mill is of excellent quality and will compare favorably with that coming from any mill in the country. The Argus says:

"This splendid water power, which, from Raleigh and about three miles West of the Raleigh & Gaston Railroad. This valuable property is owned by the Neuse Manufacturing Co. They have at this place a large paper manufactory, at which they make a superior article of book, news and wrapping paper. The Company turn out from 2,000 to 2,400 bs. of news or book paper daily, and are enlarging their works and making preparations to manufacture about 3,000 fbs. per day. The book and news paper made at these mills are of superior quality. This sheet is a sample of the newspaper, though not of the heaviest grade, made by the Company, and we learn that most of the papers published in the State get their supplies from these mills.

"The book paper manufactured here is of most excellent quality, and we intend procuring a supply for our Job Office that we may hereafter give our friends better work in Pamphlets, Circulars, Catalogues, &c., whenever they may want such things put up at our office. As many of our readers have never seen a paper mill and would like to know something of the process of converting all sorts of dirty rags into pure white paper we will give them a brief description

of the manner in which it is done: "First, the old rags are emptied into a large room with tables and stands, at which a number of hands are engaged, dusting and preparing them for the after work. They are taken from here to an adjoining room and run through a cutting machine, which revolves at the rate of 1,500 revolutions per minute, when they have passed through they are all cut finely and are then carried through a machine, which loosens the diel and dust from them and blows

it out of them. "They are then placed in a large revolving steam boiler with about two barrels of lime, dissolved in wa-ter, put in with 3,400 pounds of the rags, and steam is let upon them by a pipe passing through the centre of one of the Gudgeons upon which the boiler revolves. After being subjected to a steaming process for about eleven hours, they are turned into large vats or tubs through which a stream of pure clean water is constantly passing. After remaining in this water long enough to free them from the lime and diel, they are treated to a dose of chemicals to bleach them, and are then turned into large vats in the basement of the building. The vats have a false bottom perforated so all the water can drained off from the rags, which leaves a mass of white fleecy-looking pulp. This pulp, after standing two or three days, is taken to an engine where water is pumped upon it and it is thoroughly beaten and evenly mixed, and passes on to blankets which pass around rollers where, in passing, it is shaped into a continuous sheet which becomes stronger and more compact as it passes along a series of rollers on to three large cylenders filled with steam, in passing over which it is perfectly dried and is taken on reels and passes from the reels to the cutter where it is cut in such sizes as is designed, and is now ready for folding and bundling. This is for newspaper —if book paper is wanted the pulp is treated to a dose of sizing, and when the sheet passes off of the dryers, it is carried through a machine called a Callendar, which is a series of chilled iron rollers where it is more closely pressed and a smoother, harder sur-

it goes to the cutter as before." REGISTRATION.—The registration in this city yesterday footed up 128, as follows: White Eastern Ward, Middle Ward, 8. 38.

13

JUST AS IT SHOULD BE.-We all recollect the time when persons started from their Northern homes, in the winter that nothing short of Florida could satisfy them. None stopped before getting to Savannah. Now things are rapidly changing, and at last North Carolina has become the stopping place of many who heretofore went to Florida, Why Why they have been so long in finding this out, we are really at a loss to know. For an invalid to leave Boston and go direct to Florida, seems to us as foolhardy. Reason would lead any one to know that the great change was too sudden for the most healthy to stand, while the balmy climate of North Carolina is just the thing they all need. We are fully sustained in our belief by an interchange of views with a party of gen-tlemen just from Florida. There are now at the Yarborough House, in this city, fifteen or twenty persons, and at Davis' Hotel, Kittrells, double that number, all of whom are much pleased with our climate and hotel ccommodations, and will use every effort hereafter to induce their friends to come here instead of going to a more debilitating climate.

MAYOR's COURT.-Yesterday afternoon Corporal Jackson, a United States soldier, was arraigned before Mayor Whitaker on the charge of as-saulting Charles Homans in his saloon, near the garrison, on Monday evening, and also of having used a bayonet on the said Homans. The evidence went to show that Jackson was engaged in separating a colored man and a soldier who were fighting at the time when he was struck by Homans, and that he used no bayonet on Homans. The Mayor discharged the prisoner, as it was shown that he was only discharging his duty and defending himself when assaulted. Two United States soldiers were brought up for creating a disturbance on Wilmington street, and were or-dered to pay a fine of \$5 each, in de-fault of the payment of which they were locked up for a few hours.

[COMMUNICATED.

Editors Dally News:—Being one of the 'friends of a reformed city government and member of one of the temperance organizations of Raleigh. beg leave to make some reply to a communication in your paper yesterday, in which we temperance people are held up rather unjustly, and in which our cause, local option, is badly treated.

In the first place if your correspondent is not a member of some temperance organization his suggestions perhaps, is equal to any in this part of the State, is about thirteen miles right to say what we ought or what we ought not do. The temperance people of Raleigh have long since learned that there were many who need and would like to enjoy the benefits of total abstinence, and yet are afraid to show their hands; are ashamed to come boldly to the front. The "caucus," as it is called

by your correspondent, did not meet to consider the question of a change in the city government, but to decide whether or not we should submit the local option bill to our people. The question of the city election we did not think had anything to do with this measure, nor the temperance societies anything to do with the city election. We did believe, and believe yet, that if the local option bill was adopted in this township it would work a reformation, sadly needed, whether there was any change in the officials or

If the tax-payers and reformers want a change in the city government let them go to work and nominate their men, and we believe the temperance men of the city will come to their support. Indeed, every interest of the temperance cause demands a change, and its advocates long to see it, but feel they are not alone responsible for a continuance of its present government. We challenge your correspondent

or any one else, to a public discussion of the merits of Local Option, believing, as we do, that we can show great good to the localities wherever it has been adopted. We expect to learn by this move-

ment who are the real friends of reform and who are its enemies, and we desire it to be distinctly under-stood that the question of "License" or "No License" has nothing to do with the coming city election, further than as an inducement, we trust, to all parties to nominate their best men for the various offices. TEMPLAR.

[COMMUNICATED.

Editor News :- The following extract from the Weldon News having appeared in your columns, you will doubt not, allow me to reply thereto: "A Raleightte on the Rampage.-The Roanoke News thus records the operations of a Raleigh newspaper

canvasser in that section: 'McLean Potter, a former soda water man in this place, but recently of Raleigh, is canvassing for the Raleigh Examiner, metropolitan Radical organ. He came to Weldon, his former home, and by dint of hard work and much persuasion he succeeded in inducing several negroes, but not a single white man, to "jine de band." Go it Mack, your hard work will entitle you to be promoted to inker in a short while."

I do not know the motives which prompted the Editor of the Roanoke News to thus wantonly cast a slur upon my character because of the prosecution of any honorable business, no matter how humble. That I was a former "soda water man" I do not deny, as I have never known such a position considered dishonorable. That I was canvassing for the Raleigh Examiner I acknowledge, but being paid for this, I considered I had a legitimate right to do so without being as sailed therefor. Then whence the attempt to injure me in a section where I have always endeavored to conduct myself honorably? I trust the Editor of the Weldon News will do me the justice to disavow any intimation to reflect upon my personal

character. McLEAN POTTER. We cheerfully state that the copyng of the extract in this paper was not intended to reflect upon Mr. Potter's personal character; its appearbeing without our knowledge.-ED. NEWS.

NEW ADVERTISEMENTS. A CARD.

To the Editor of the Daily News: The "Sentine"," of this city, has frequently stated that I, on one occasion, pulled Judge Watts from under a bed in this city. So far from this being true, I never saw Judge Watts in any house of cis-

sipation in my life. I have a witness to the fact that I requested Josiah Turner, Jr., to correct his statement, but he has failed to do so. Persistence in any statement reflecting on Ju ge Watts, and using my name as authority, is to persist in a falsehood.

I, P. A. WILEY, Cashier of the Citizens' National Bank, do solemnly swear that the above statement is correct to the best of my knowledge and belief.

Table supplied daily with the best the narket affords:

R. UZZLE GROCER AND

EDITORIAL BREVITIES.

-Chicago smoking is called "holding sweet co verse with the inner man." -The Temperance League women of Washington threaten to commence a cru-

sade in that city. -The Baltimore "Gazette" thus puts it: "The people living in the vicinity of Bald Mountain are shaken into penitence and prayer."

-Sir Garnet Wolseley has returned home to receive all the honors which the British people delight to pay to successful soldiers. London has given him a grand ovation. -A report of the market for lumber in a neighboring city speaks of green black walnut. We wonder if white black-birds

are common in that same market. -A Mississippi legislator, who evidently believes in making students practice pedes trianism, has introduced a bill prohibiting the sale of liquor within five miles of the State University.

-The Piedmont "Press" is becoming alarmed for the Congressional candidates in the 8th District. It says that whenever Rald Mountain cracks its shell and pours forth its lava it will overflow at least dozen candidates for Congress.

-Highwaymen in Ohio are becoming so bold that they are styled Dick Turp ns. A prominent citizen of Cincinnati has been robbed on the road, just outside of Cincinnati, after being wounded in a desperate strugglehe made with the robbers to pre-

vent the execution of their designs. - The Baltimore "Gazette," alluding to the proposed adjustment of the boundary line between Mary and and Virginia, for which purpose Gov. Graham, of this State and Judge Black, of Pennsylvania, have been selected as arbitrators, sa s the adjustment of the question could not have b en entrusted to better hands.

- The eastern portion of the State does n t mean to be outdone by the mountain. ous regions-she is having a phenomenon in the heavens, a something which talls to the earth, makes a rumbling noise like an earthquake and immediately a cold morning is transformed into a spring day Ver.ly, between the West and the Fast we are becoming jealous, and shall insist upon getting up something in this quiet locality.

THE New York Herald of Sunday contains a special from his reporter, now in the Bald Mountain section. the same in substance as that furnished by our correspondent the same morning. We make the following extract from the Herald dispatch, however, to show the perils attending adventurers in that locality at present. Says the correspondent:

"I started up the mountain this morning at seven o'clock, and had ridden over three quarters of a mile when a sudden shock occurred, which so terrified my horse that he became unmanageable. He ran me against a tree, and unhorsing me, left me on the ground so much bruised in the left side and leg that I was unable to shall be able to send full and definite information.

"Last night there was a succession of terrific shocks on the sides of Bald Mountain, accompanied by a sharp thunder storm. Simultaneously with the thunder, quick and loud reports could be heard from the mountain sides. I stopped at the house of an old farmer, who welcomed me and said that he would like to have a hundred in the house, as the mountain had scared him nearly out of his life. During the night, when the rumbling was at its height, he got up, and, assembling his family around him, held a family prayer meeting. The whole neighborhood was aroused in like manner. The shaking of the earth was quite perceptible, and it was almost impossible to sleep. As yet no one has been able to give any definite account of the source of the convulsion."

THE telegraph has already announced the fact that two sons of the late Siamese twins had visited Philadelphia for the purpose of bringing the remains of the twins back to North Carolina. A fuller dispatch, under date of Philadelphia the 21st

"The sons deny the report that the family intend to make speculation of the remains by exhibition. They evince much filial feeling on this point, and it is to be hoped that the correction of the report may be as wide as the publication of the false statement has been. So deeply do they feel in the matter that they inquired anxiously if the embalming process could not be undone and the bodies allowed peacefully to decay, and on being assured the process could not be reversed, and decomposition must now be by a very slow process, they expressed evident regret. They also spoke strongly about the report that the commission went South with a large sum of money and that the transfer was the result of a business bargain with the widdows of the twins. They said this report was generally credited in their section, and that all the family could not disabuse the minds of friends and neighbors on the subject. They desired Drs. Pancoast and Allen to give them a formal written denial of this rumor, to be shown to the peo ple, and, if necessary, to be published; which request, of course, the com-mirsion at once complied with."

North Carolina in New York Eves.

"It would not have been considered unjust to North Carolina a month ago if at that time we had remarked that religious experience was so com-pletely unknown in the mountains of that State as volcanic action. Accepting the possibility of the one it is easy to accept the other, and, strange to say, both came together."

Thus discourseth that grave and ascetic journal, the New York Herald, in its issue of the 21st inst. To the average Gothamite it is sweet to decry the South, it is sweet to do a stroke of business, but when by such an airy stroke as this, labor and carital may be warned away from us, and a merry gibe run round the breakfast table, business and fun combine in perfect flower, and not say that the Convention amounted to say the conven

fragrance. It is gratifying to know that the Herald has taken us under its protecting care at last. Having explored the wilds of Africa, threaded the fastnesses of insurgent Cuba, measured the sands of Khiva, and smiled upon the dusky damsels of Ashantee. the Herald finally essays even this Timbuctoo of the Union, this unknown quantity to the Northern mind, North Carolina. We are grateful. We feel that MUNGOY PARK, and GULLIVER, and ROBINSON CRU-SOE, and BARON MUNCHAUSEN will now have an addition to their illustrious group, eminently worthy to share their fame.

Yet we might suggest that a field of investigation might be discovered in the State of New York. What can be said of the dreary region surrounding Clinton Prison, and of the moral condition of the St. Lawrence wilderness?

What shall be affirmed of the public opinion that permits the existence of established communities, practicing free love, with all the social results of wives in common, and allies. even aggressively thrusts its policy upon public notice, through established organs? May not even New York itself contain a possible ruffian, yet unconverted by the SHARPE'S rifle of the pious divine of Plymouth church, whose sermons of love have such harmonious flow?

While Mrs. JELLYBY buries herself in preparing for us a portion of the flannel and the tracts destined for Bomoboola Gha, we respectfully submit, for the consolation of our Western friends, that the gentle yachtman of the Herald is hardly entitled to an opinion, as an expert in "religious experience," though we cheerfully concede his great prospective opportunities for studying 'volcanic action'' in subterranean

The Radicals in Wayne Find a Bombshell in Their Camp-Lieut. Governor Brogden Does Not Find Such Plain Sailing as He Expected-Congressional Honors do Not Come Easy.

The Goldsboro Messenger of Monday has the following interesting account of a Radical meeting and its results in that place on Saturday last:

"If the County Convention, held by the Radicals in this place on Saturday last, was a fair representative, it would seem that their party is getting woefully snarled in Wayne county, as well as elsewhere. It seems that the colored voters have at lengt come to regard their former white leaders with distrust and even with disgust, and this feeling is rapidly growing. It broke out in the convention on Saturday, and in consequence its proceedings were very un-harmonious and almost disorderly.

The convention was organized (?) by calling J. T. Pearson to preside with R. M. Johnson as Secretary. It consisted almost entirely of blacks with a slight sprinkling of whites. The chairman and secretary having assumed their stations, a committee of eleven, mostly whites, was appointed to prepare business for the meeting and to adopt suitable resolutions. Jno. C. Rhodes, J. L. Garrett, R. M. Johnson and Thomas A. Deans were of the committee. They soon returned and submitted a series of resolutions reaffirming their faith in the principles of the Republican party, and suggesting that the plat-form adopted at the last State Convention be adhered to, also putting forward in flourishing grandeur the claims of Lieut. Gov. Curtis H. Brogden as the first choice of the Republicans of Wayne county for Congress. Brogden was present at the convention but left just before the resolutions were read.

It was thought that everything had been fixed in committee and that no jar would occur. But, as a postcript to a lady's letter is said to contain the gist of the whole document. so was it when the resolutions were read. To the great consternation of the white radicals present, Calvin Best moved the report of the committee be laid on the table. It sound d like a bombshell suddenly exploded in the camp of the faithful. Mr. Rhodes made an effort to rally the meeting in support of the report and against tabling it, but the vivacious O'Hara (of Halifax) was present, mounted the stand and made a stirring speech in behalf of the motion to lay the report on the table. The fun grew fast and furious, and the few disinterested spectators enjoyed the scene as they would the antics of a circus clown. O'Hara pitched into Brogden and others, and made matters exceedingly warm. He asserted the right of his race, that they wanted an open and untrammeled convention, and he called on his race to vote against the report. Mr. Rhodes made another fruitless effort to have the report adopted, but the negroes came

off victorious.

The motion to lay on the table created a mighty sensation, and the strong wrangle over it at once upset the whole Convention. O'Hara carried his point, and availed himself of the opportunity to declare himself an aspirant for Congressional honors. Poor Brogden!

The meeting was a complete failure, and the would-be-wire-workers were not only chagrined but heartily ashamed. The more intelligent of the colored people see that Brogden, Thomas, Pearson, Rhodes, Copeland, and other standing candidates for their sufferage, only condescend to recognize their support about election times, and it is against the continuance of that state of things they are protesting and which they are striving to correct. They know that they do the voting, and dull as they may be, deem themselves entitled to some consideration. A handful of white office seekers in their party, who are only Republicans for the sake of office, have held them in political slavery ever since 1868, and we are glad the colored voters are making the offert to being

ters are making the effort to bring about a change of affairs. Several of the white Republicans whom we met after the meeting were remarkably reticent about it. We could not induce them to utter a

all the honey of Hymettus hath its a complete panic. They make another effort on Saturday, April 11th."

The contest for Congressional honors in that District has been growing lively for several weeks. The negroes of the District, having an overwhelming majority, are beginning to think that their claims to consideration deserve recognition; and, in pursuance of a resolution which we understand they have adopted, demand at the hands of their white associates notice and consideration. From the proceedings of this Wayne county meeting we learn that O'HARA is a candidate for Congressional honors, and we knew that HYMAN, of Warren, is also a candidate for Congress. Now these are worthy colored men, but we doubt whether the Republican party of the Second Congressional District dare place either of them in nomination.

The District is overwhelmingly Republican, but it remains to be seen whether the colored men in it choose to use the power which they possess to secure representation, although their action in the Wayne Convention bodes no good to their white

Geo. Treat, of California, the owner of Thad. Stevens, offers to match him against any other horse in the world for a race of four miles and repeat, for \$10,000 gold. Mr. Treat also offers to match a horse of his for \$5,000 against \$25,000 that he will beat the best recorded time ever made in the United States by any running horse from one to four miles, the party accepting the proposition to name the length of the race to be run.

The Earl of Dunraven-late Lord Adare-who acted as correspondent for The London Telegraph from Versailles, during the Prussian occupation, and likewise served during the Abyssinian war as an army correspondent, has been spending some months in hunting excursions, and in traveling through the United States. He returns next week to England.

Haywood—May 25th. Transylvania—June 8th. The Courts of the 9th District bein on the same days as those of the

Circuit Court Judge Fox Shot by a Lawyer in Forest City, Aik. A dispatch to the New York Herald from Little Rock, Ark., under date of the 21st., gives the following account of the killing of a Judge in that

"John W. Fox, Circuit Judge of the Eleventh Judicial District, was shot while passing along a street in Forest City at eight o'clock this morning by one James Aldridge, a oung Southern lawyer, who has been practising in this State. Judge Fox was on his way to the postoffice from his hotel, when Aldridge stepped out of a drug store and exclaimed: "Now, Mr. Judge Fox," and fired. The Judge sank to the ground, crying out:—"Oh! Lord! I am a dead

"The cause of the terrible deed is not difficult to determine. It appears that during the last term the Court Aldridge, on one occasion, behaved in a most disorderly manner and was rebuked and admonished by Judge Fox, who reminded him in general that it was his place to assist in maintaining the discipline of the Court rather than attempt by word and deed to degrade it in the estimation of less intelligent people. Some cavilling and sneering to his being fined and sent to prison for ten days for contempt of Court. He was released again through the mediation of friends, and at once re-entered the court to attend to some business he was supposed to have on hand. He soon began to exhibit the same disagreeable temperament that had led to his imprisonment in the first instance, and he was ordered to be imprisoned the second time for discourteous and unbecoming language in the court room during the

transaction of business. "For this imprisonment he determined to kill Fox. Either by accident or design he met the Judge in the street this morning, as above stated, and, having a loaded double-barrell shot gun in his hand at the time, he discharged both barrels into the body of the Judge, who died at

This is the second Circuit Judge assassinated in this State within six months. Aldridge was a member of the last Arkansas Legislature. He delivered himself up to the Sheriff after committing the bloody deed.".

WM. R. GRIFFITH, of Baltimore, General Agent.

Petersburg, Va., December 17th, 1878.

To the Farmers and Guano Dealers of North Carolina and Virginia: Gentlemen: To the mary of you with whom I am personally acquainted, I would say, that of good results from GUANAHANI GUANO, I have not the shadow of a doubt. Containing, as it does, in such large amounts, the essentials for plant food, success from its application would seem certain. It being of animal origin, you will see at once that its ingredients must be all soluble in the soil. Its nitrogen, from nitric acid, is the most available form known to chemistry; the other part, from undecomposed animal matter, is preferable to the voiatile salts in Peruvian Guano. I ask of each of you the kindness of a thorough examination of the accompanying analyses by two of the great chemists of the country. With respect, yours truly,

WM. R. GRIFFITH, General Agent.

THE COMPANY GUARANTEES THAT EVERY CARGO WILL BE ANALYZED BEFORE IT IS OFFERED FOR SALE. LETTER FROM PROF. WM. C. KERR, STATE GEOLOGIST OF NORTH CAROLINA:

Raleigh, N. C., January 7th, 1874. Wm. R. Griffith, Esq., General Agent Guanahani Guano Company, Petersburg, Virginia:

Dear Sir: Dr. F. A. Genth, whose Analysis of the Guanahani Guano you have shown me is Chemical Minerologist to the Geological Survey, and has no superior as a chemist. I have no hesitation in endorsing any analysis from his laboratory. And I think the analysis justifies his statement that the substance examined by him is a VALUABLE MANURE. From his report, and that of Prof. Wilson, it is evidently a TRUE GUANO, both in origin and composition, and its action on crops may be expected to be the same in kind and in degree proportioned to its relative per centage of the valuable ingredients—Phosphoric Acid, Ammonia and Potash, that of the first being unusually high.

Yours truly, W. C. KERR, State Geologist.

ANALYSES. The following analyses of different cargoes and samples by two of the leading chemists of the country, are given for the guidance of the public: LETTER OF PROF. P. B. WILSON, LATE ASSISTANT OF BARON J. VON LIEBIG.

CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 Second Street,

Baltimore, December 1st, 1873.

MAJ. N. M. TANNOR, President Guanahani Guano Company, Petersburg, Va.:

Dear Sir: I have drawn samples of the Guano, as it has arrived in cargo lots, and find it exceedingly uniform in the amount of Phosphoric Acid it contains, namely, from 15 to 19 per cent. This is combined with Lime, and is of animal origin, and readily assimilable by plants. It contains potential ammonia and nitric acid, having a combined Nitrogen value equal to from 2 to 3 per cent. of ammonia, with the alkalies Potash and Soda, and valuable proportions of Sulphate of Lime. The whole forming a very desirable combination for all crops, and when applied to land, the crop receiving proper tillage, must, in my opinion, give as good results as any guano offered to the farmer.

Being of animal origin, the organtic matter has undergone partial decomposition, and it necessarily contains a valuable amount of Humus, which makes its fertilizing power much greater than fertilizers which are compounded large, y of Peruvian Guano, which, beyond its ammonia and small phosphatic value, has little or no power in absorbing from the atmosphere and retaining in the soil the movable elements absorbed by moisture and brought down by the rains, as the guano you are now placing upon the market, All of the components of this Guano are very soluble in the soil, and possess such physical properties as to render it at all times and under all circumstances as in mediately available plant food.

The late samples you sent me for analysis, from the deposit which you inform more available plant food. CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 Second Street,

available plant food.

The late samples you sent me for analysis, from the deposit which you inform me you intend to ship from, show a decrease in the phosphatic value, but a large ixcrease in its nitroges compounds. I think, however, from previous observations of carçoes, that you may reasonably expect, that cargoes taken from where these samples were drawn, will materially improved in the saline compounds, (phosphates at fails and magnesia.

Respectfully, &c.,

P. B. WILSON, Analytical and Consulting Chemist.

Balt!more, December 1st, 1873.

UNIVERSITY OF PENNSYLVANIA, WEST PHILADELPHIA, 19th, 1878. WEST PHILADELPHIA, 19th, 1878.

Maj. N. M. Taannor, Petersburg, Va.,

DEAR SIR: In compliance with your request, I have analyzed sample of "Gusnahani Guano," and have made additional examination of an average sample from a lot of 300 tons, the result of which, I beg to embrace in the following: The Guano is a brownish powder, with lumps of combinations of lime with Carbonic, Phosphoric and Nitric acids, it contains a considerable quantity of water (about 20 per cent.), and when dried is a paler brown powder. The Guano is evidently of animal origin, and the minute bones, which were discovered in the same, indicate that it is the result of the decay of bats, mice, &c. The quantity of organic matter, which is still present, is about 12 per cent., and this yields about 2½ per cent. of ammonia. A portion of the nitrogen is present, as nitric acid, of which about 3 per cent. wa- found. All the nitrogen present would be equivalent to about 3½ per rent. of ammonia. The phosphoric acid in the Guano, about 12½ per cent, equal to 27 3 per cent. of bone pho-phate. A considerable quantity of the phosphoric acid, however, is present, as so-called neutral phosphate of lime, which, being slightly soluble in water, renders the Guano as quick in its action, as a corresponding quantity of superphosphate would do. The small per centage of potash, which was found in the analysis, adds to its value.

From all the experiments which I have made of the Guanahani Guano, no doubt can exist that it is a valuable manure.

Yours truly,

UNIVERSITY OF PENNSYLVANIA.

F. A. GENTH.

UNIVERSITY OF PENNSYLVANIA,
West Philadelphia, Nov, 28th, 1873.

Dear Sir: The sample of Guano analised in compliance with your favor of 21st and 25th, for phosphoric, nitric and sulphuric acids, and ammonia, potash, soda, lime and magnesia, contains as follows:
Phosphoric Acid.

Equivalent to Bone Phosphate of Lime,
Nitric Acid.

Sulphuric Acid.

Sulphuric Acid.

Potask Sulphuric Acid,
Potask
Sods,
Lime,
Magnesia,
Nitrogen, equivalent to Ammonia,
Yours, truly,
F. A. GENTH.

WHOLE AMOUNT OF AMNONIA

CERTIFICATES:

STATE OF MARYLAND, TREASURY DEFARTMENT,
Comptroller's Office, Annapolis, September 29th, 1873.

E. T. Wroth, Esq., Baltimore, Md.;
Dear sir: Yours in regard to the Guano was received some time ago, and as I know very little, personally, about the effect it had, I laid it aside until I could go home and in quire. I learn that it did improve the wheat to some extent. I did not apply any other Guano. I applied
Bone Dust, and I learn your Guano was of about the same efficacy in fertilizing, so far as the appearances of the crep indicated.

Please send me a bill for Guano, and I will send you a check.

I sm, very truly, in haste, yours, dc.,
LEVIN WOOLFORD.

[Letter from Ex-Governor Smith.] Warrenton, Va., August 4th, 1873. Mr. E. A. DUNLAP,
I ar Sir: The extraordinary character of the season (a rain almost every day,) puts it wholly out of my power te form an estimate of your Guano. The crops of corn and rutabagas to which it applied, look very fine.

WM. SMITH.

Bethel Academy, Fauquier County, Va., July 24th, 1873. Mr. E. A. DUNLAP,
Dear Sir: I used your Guano on my wheat last fall, and I am highly pleased with it.
Think it is as good as the high priced Guanos. I have a good paying crop of wheat, and
the best stand of grass I ever had, and this is the opinion of those who have seen both,
notwithstanding the unfavorable winter and early spring. I shall use it again this fall.
Yours,
[This crop of wheat, 25 bushels to the acre, was noticed in the Warrenton and Alexandria papers, as the fluest crop in Mr. Smith's county.!
Warrenton, Va., July 17th, 1873,
I used your Guano on wheat last year, and consider it equal to any guano I ever used.
It pleases me well.

GUANAHANI GUANO!

GUANAHANI GUANO! Bethel Academ, Fauquier County, Va., November 12, 1873. E. A. DUNL P. Esq.,

Dear Sir: If I could have made collections, I certainly would have used two tons of Dear Sir: If I could have made collections, I certainly would have used two tons o the Guano you sent me this fall. I consider it better for wheat than any other Guano that has been used in this county Respectfully yours, M. C. BLACKWELL.

Baltimere, December, 1873. Mr. E. A. DUNLAP,
Dear Sir: The Gnano purchased from , ou, was used upon corn by the side of one of
the best ammoniated soluble phosphates in the market. The quality of the land was
the same as was the quantity of guano and phosphate used. The corn where the Gusno
was used appeared to start sooner, and in the fall was fully ten inches higher and ripened earlier than where the Phosphate was used.

Very respectfully, de.,

Late firm of Neale, Harris & Co, Commission Merchants.

We the undersigned, have sold your Guano for two seasons. Those that have purchased are buying again, and are pleased with the results.

L. KELLUM & CO., 119 Hillen street, Baltimore.

Cheston, Near Queenstown, Md., August 13th, 1873.

E. T. Wroth, Esq., Baltimore, Md.,

Dear Sir: I have your favor of 4th inst., making inquiries as to the results from application of the Guano which you sent me last fail. I applied it at the rate of 170 pounds per acre—the same quantity as of the other fertilizers I was then using. The wheat throughout the field bore much the same general appearance, with perhaps something in favor of your Guano. The grain of my crop on that field was generally of fine quality, and I cannot say that I observed any perceptible difference in its appearance.

The result in quantity, (the most important point,) I regret not to be able to give you. Threshing my crop by steam power, my attention was occupied at many points, at the same time, and on one of these occasions this particular parcel of wheat was threshed before I was awaye of it, and without any note of its comparative yield. I therefore cannot pronounce positively in its favor, over others; but, from its general appearance, judge it quite equal to other standard fertilizers of established reputation.

Very respectfully yours,

WM. HENRY DECOURCY.

Baltimore, November 17th, 1878. E. A. DUNLAP, Esq.,
The Guano I had of you last Spring, I used on corn. It produced a first rate crop. I used about 200 lbs. per acre.

E. D. HOOPES,

Of E. D. Hoopes & Co., 226, 228 & 230, Penn. Averue, Baltimore, Md. Dealers in Grain Country Produce, Guanos, &c. Somerset County, Md., Westover, August 8th, 1873. E. T. Whoth, Esq., Baltimore, Md.,

Dear Sir: Yours of the 4th received and contents noticed. You must excuse me for not reporting to you sooner the result of the experiment with your Guano. I seeded it by the side of ** ** * 's Raw Bone Super-Phosphate, at the rate of 150 ibs. to the acre, of each. Whilst growing, I, nor any to whom I showed it, could not perceive the least difference. The yield was equally good—about 25 bushels to the acre. I consider it equally as good as ** * * * 's, in every respect. Please inform me the price, as I intend using some on wheat this fall.

Very respectfully yours,

Mount Airy, Carroll County, Md., November 18th, 1873. Mount Airy, Carroll County, Md., November 18th, 1873.

WM. R. Griffith, Esq., General Agent,
In reply to yours of the 12th, will say, the farmers can say but little, as yet, in regard
to Guanahani Guano. But Maj. A. G. Davis, who used one bag, by the side of several
other fertilizers, says, so far, the Guanahani looks better than any of the others. All
parties say, so far, they can see no difference in their grain wherever it is up sufficient
to judge. By the Spring, I can give you a more satisfactory report. Hoping to have the
pleasure of a visit from you, soon,

I am, truly yours, W. H. B. DORSEY. P. S.-I have commenced making a stir for the Spring trade.

San Marino, Dinwiddie Co., Va., November 15th, 1873.

W. R. GRIFFITH, Esq.,

Dear Sir: Yours of the 12th inst., was received on yesterday, and, in compliance with your request, I hasten to reply. I purchased half ton of Guanahani Gualo, from Messrs. Rowlett & Tannor, 1st of October, 1873, to use upon my wheat crop, as an experiment. I applied it 200 lbs. per acre. The wheat was seeded from the 10th to the 17th of October. I was very careful in the application, leaving two strips of land through the field; one of an acre, the other two acres. The one acre strip was manured with **** Phosphate. The two acres strip was in tobacco, heavily manured with stable manure and ***** Tobacco Fertilizer. I also added a strip of very poor land (stabble) on one end, three-fifths of an acre. Upon this I applied 100 lbs. of Guanahani, and also moistened the wheat and rolled it in the Guano. (I mean the wheat sewn upon this three-fifths strip.) The season has been favorable, and the young wheat is looking very well; and that upon the narrow strip of poor land, equally as good as upon the heavily manured tobacco land. I am satisfied that the Guano is acting upon this strip of wheat, as the land was very poor. I do not think that it would be well for me to make a positive assertion just yet, bu' will carefully note the result and let you hear from me again.

Yours respectfully.

THOS. F. RIVES San Marino, Dinwiddie Co., Va., November 15th, 1873.

Kingston, Dinwiddie Co., Va., November 26th, 1873.

Messrs. ROWLETT & TANNOR, Messrs. Rowlett & Tannor,

Dear Sirs: In reply to your inquiries in regard to the Gusnahani Guane, which I purchased last summer, I can only say that I applied it on my wheat crop, sowing it broadcast and plowed it in with the wheat. So far, I am vary much pleased with the Guano. Where I used it, the wheat looks better than any I have seen, and my neighbors who have seen it, consider it so. I applied it the first of October, and it shows very plainly over the wheat where there was nothing used.

Very respectfully,

JOHN J. MITCHELL.
[NOTE.—Mr. Mitchell has since ordered 10 tons for his Spring crops] Millstone Landing, Md., December 1st, 1873.

Dinwiddie County, Va., November 21st, 1873.

300 lbs. pracre, on corn land. The wheat is looking well. I think it will prove a good fertilizer. Sussex County, Va., December 12th, 1873.

Messrs. Rowlett & Tannor, Petersburg, Va.,
Dear Sirs: I used on m. wheat, sowed about the list of October, a half ton of Guananani Guano, and s. far I am very much pleased with it. sction. Where I used the
Guanahani the wheat is look ng remarkably well—a great deal better than the wheat Very respectfully.

Messrs. Bishop & Branch,
Sirs: You ask me my opinion of the Guanabani Guano I puechased of you last fall.
I used the ruano on my wheat, but owing to the unfavorable fail for the growth of wheat, it would be impossible for any manure to show its strength fully. Fowever, I think the guan oa good ertilizer, from the fact, that the wheat looks as well as it does where a well known fertilizer was used that cost nearly double the money.

Respectfully,
A. G. JORDAN. Prince George County, Va., December 18th, 1873.

Petersburg, Va., December 16th, 1873.

WM. R. GRIFFIIH, General Agent of the Guanahani Guano Company,
Dear Sir: In reply to your enquiry about the action of the Guanahani Guano on my
wheat crop, I would say, up to the present time it is looking very well.

SAMUEL H. JONES,
Prince George County, Va.

Broad Run Station, Fauquier County, Va., December 4th, 1873.

Mr. E. A. DUNLAP,
Dear Sir: I let one row without your fertilizer, and used it on the next row. I used at the rate of 200 pounds to the acre. I had the corn carefully gathered separate, and found the result as follows: From the Guano row I shelled one bushel and nearly a half gation; from the row without guano I got a half bushel and not quite a quart; making fully double where I used guano. The growth of stalk was not proportionately heavy—the strength seemed to go to the grain. I think it an excellent Spring fertilizer. The land I tried it on was quite thin.

Yours, &c.,

Yours, &c., Poplar Mount, Greensville County, Va., December 17th, 1873.

Messrs. Rowlett & Tannor,
Gentlemen: Yours of the 15th is received. You ask "How I like the Guanahan!
Guano, so far?"

In reply I have to say that I used five bags last fall, experimentally. I applied four
bags to wheat at the rat? 01200 pounds to the acre. I used the same quantity (200 pounds)
on winter oats. The wheat was not sown until about the 20th of October, but has already
a healthy, vigorous blade. The present indications lead me to believe that it is decidedly
superior to any of the super-phosphates.

The winter oats we e sown the last of September. In the application to this crop, I
have, in consequence of earlier seeding, a better opportunity of observing the effect of
the Guanahani Guano. Here it is most marked and deckded. It reminds me of former
days, when, for a moderate outlay of money, the farmer purchased the pure Chinchs
Island, (unadulterated) Peruvian Guano.

I wish to try some of this Guano next year on cotton and tobacce.

I am, very truly yours,

GEORGE W. FIELD.

GEORGE W. FIELT. The Company recommend an application of from 200 to 250 pounds per acre, but not over the larger amount.

As it will be impossible to bring but few theusand tons to this country in time for the spring irade, orders must be sent at an early day to secure it.

For further information apply at the office of the GUANAHANI GUANO COMPANY, PETERSBURG, VIRGINIA. N. M. TANNOR, President. ROBT. A. MARTIN, Vice-President. WILLIAM R. GRIFFITH, General Agent.

GUANAHANI GUANO : MPORTANT FARMERS! TO Only \$40 A Ton.

> GUANO! A Genuine Animal Deposit.

FOREIGN NEWS. From England, France and Rome LONDON, March 24.—Ten thousand people witnessed the landing of Highlanders at Portsmouth to-day. Several accidents occurred in conse-

quence of the pressure. It is understood that the Queen has ordered an inspection in Hyde Park, on Friday, of all the troops of the expedition which have reached home. PARIS, March 24,-In the assembly to-day a protest was presented demanding the dissolution of the Chamber. The protest was signed by Gambetta, Rollen, Lacour, Peyrat and Barodet. BAYONNE, March 24.—The French

authorities have conducted the Cure of Santa Cruse to the frontier. Rome, March 23.-The King to-day received three thousand persons from all parts of the kingdom, who came to congratulate him on the 25th anniversary of his accession. Venosta, Minister of Foreign Affairs, presented an address from the American and English residents.

FROM WASHINGTON.

No Important News-Congressional Proceedings. WASHINGTON, March 24.-Gov. Herbert, by special request of the President, fills the sad office of pall

bearer at Judge Dent's funeral. SENATE. - West introduced the memorial of the Orleans Grange of Louisiana for an increase of duty on sugar. Senator West remarked that the present method of the valuation of sugar enables refiners to impose upon the government to the prejudice of home producers, and stated that he would, at the proper time, endeavor to have a law passed to remedy that abuse. The memorial was referred to the Committee on Fin-

House.-The House has taken up the Georgia contested election case, and by 2 o'clock Rawles will have ceased to be a legislator.

Miscellaneous Items. DETROIT, March 24.-Troops have gone to Gowan to quell the timber disturbance. The rival lumber com-

panies have opened the flood-gates and the dams have been destroyed. MEMPHIS, Tenn., March 24th .- A levee has broken near Boliva. No serious damage in the Sunflower re-

ADEN, March 24.-The Calcutta with the remains of Dr. Livingstonehave arrived here. New Orleans, March 24th.-The

Union printers struck. The Picanot fine and Times have no paper, but have compositors en route. The Bee and Republican still issue. There is plenty of work for printers at fifty cents per thousand.

The Fire Fiend. JERSEY CITY, March 24.-A fire

occurred in New York avenue. The loss is \$50,000. WORCESTER OHIO, March 24.-A \$82,000 fire has occurred.

PHILADELPHIA, March 24th.-Camp's ship-yard, with machinery valued at \$100,000, was burned. There were several vessels at the wharf, including the steamer Pennsylvania, which narrowly escaped

ELMIRA, N. Y., March 24.-A \$200,000 fire has occurred.

FROM NEW YORK. The Butcher Burriel to be Promoted

-- The New Captain General of Cuba. NEW YORK, March 24.-A Herald special from Madrid says that the Government contemplates the pro-

motion of General Burriel to the rank of Field Marshal, for eminent services

The commission of Jose Conchas, who has been appointed to succeed Captain General Jovelar, is understood to embrace the government of Porto Rico as well as Cuba. MIDNIGHT DISPATCHES

FROM WASHINGTON.

Congressional- 4 Democratic Member Unseated-Texas Matters-North Carolina Negro Soldiers Memortalizing, &c. WASHINGTON, March 24.—House.

After a three hours discussion, to which no body paid any attention, the yote was taken on the Georgia contested election case, and Rawls, the sitting member, was ousted, and Sloan, the contestant, admitted to his seat by a strictly party vote, except that Banning, of Ohio, Fort of Ill., and Shoemaker, of Pa., yoted with the Democrats for Rawls. After that the House went on in the afternoon and evening sessions with the bill to regulate inter State railroad commerce. SENATE.-Mr. Morton presented a

lengthy memorial from the citizens of Texas alleging that the late Gov. Davis was not permitted to serve out his constitutional term by more than three months, and also alleging that the November election was held in violation of law. Referred to the Committee on Privileges and Elec-Colored soldiers of North Carolina,

who allege that they have been defrauded of their bounty, memoralize Congress for relief. Mr. Merrimon said he had reason to know a number of such soldiers were so defrauded. The Finance question was resum-

A short Executive session was held to-day.
No Southern confirmations.

No Cabinet meeting to-day on account of Col. Dent's funeral. Stanly Y. Trott has been appointed special Treasury Agent, and assigned duty in South Carolina. The Turf in Georgia.

Macon, March 24.-The spring meeting of Central City Park opened to-day under the auspices of the Central Georgia Jockey Club. The weather is fine, the track good, and attendance large. First race, 2 mile dash, over 8 hurdles, won by Chief Engineer, beating Fireball, Lanty Lawler and Nashville Harriss. Time 4:21. Second race, half mile dash, 2 year old, won by Vanderlite, beating Lutelia H., and Belle of Australia. Time 54. Third race, mile heats, won by Limestone, 2 straight heats. Time 1:50-1:49. Bessie Lee second, Chief Engineer distanced on first

A Doctor Charged with Forgery. ANNAPOLIS, March 24th.-Dr. Shoeppe has been surrendered to the Illinois authorities to answer the charge of forgery.

heat. The races continue through-

out the week.

The Selma, Rome and Dalton Rail-road to be Sold.

SELMA, March 24th.-Chancellor Turner to-day decreed the sale of the Selma, Rome and Dalton Railroad and all the property of the Company, including four hundred thousand acres of public land. The decree was on the suit of Johnston and Stewart, trustees of the first mortgage bondholders. It is the most important case ever adjudicated in Alabama. The plaintiffs were represented by Messrs. Brooks, Haralson and Ray, and the defendant by Messrs. Pattas, Dawson and Tillman. The road to be sold is 236 miles long, and one of the most important thoroughfares in the South. Chancellor Turner held that the mortgages to Gasaway B. Lamar, executed July 1, 1852, is a first lien on the road from Selma to Blue Mountain; the mortgage to Chas. G. Edwards, trustee, executed January 10, 1855, is a second lien on one hundred miles of the road, from Selma; the mortgage to W.P. Fellows, Trustee, is the first lien on the public lands, and the mortgage to Johnston and Stewert is first lien on the road from Blue Mountain to Dalton, 101 miles, and upon all other property acquired since August 8, 1866, not appurtenant to the road from Selma to Blue Mountain, also the Ashley Branch. Chancellor Turner also held the receivers certificates a first charge on gross proceeds of sales.

The Charleston Chamber of Commerce.

WASHINGTON, March 24.-The following delegates from the Charleston Chamber of Commerce have been sent to Washington: Col. Robert Lathers, S. Y. Tupper, Esq., President of the Chamber, Hon. George A. Trenholm, Hon. Henry Gourdin, Hon. Wm. Aiken, Louis D. Sausure, Esq., and Gen. Joseph Simmons. They will arrive at the Arlington House on Wednesday.

The Governor of Missourigand the Outlaws of that State.

ST Louis, March 24.-Gov. Woodson sent a message to the Legislature yesterday calling attention to the fact that a band of outlaws exists in the State, who rob and murder with impunity; that he has no adequate power to bring the desperadoes to punishment, and asks that proper legislation be had at once.

A North Carolina Rogue Comes to

NEW YORK, March 24.—Gus Mayer was arrested to-day on a dispatch from the Mayor of Charlotte, N. C., accusing him of stealing \$200 and a horse from his employer in that city. The accused was on the eve of starting for Brazil. Weather Probabilities.

WASHINGTON, March 24.-For the Southern States northeasterly and

southeasterly winds, high barometer, rising temperature, and generally clear weather. Roads Repaired. MOBILE, March 24.-All railroads

leading from this place are now in

repair and all trains are leaving on

WITH PLANTER ATTACHMENT. The recent invention of J. B. UNDER-WOOD, of Fayetteville, N. C., is the great-LABOR SAVER OF THE AGE.

With ONE MAN and ONE HORSE, it does the work of from SIX to TWELVE men and from TWO to FOUR horses. It chops and bars both sides, weeds and dirts the cotton at one operation. After which it is converted into a most excellent CULTIVATOR,

for use between the rows throughout the season. This machine has been tested upon a growing crop, and proved a thorough, practical success. It bears the highest testimonials from our best cotton planters. It will soon become as indispensable to the Cotton Planter as the Cott in Gin or Press. It has taken the grand sweep-stakes prize, the Gold M dal, at the Georgia State Fair, as the latest and most valuable improvement in Agricultural Implements, and the first premium wherever it has been exhibited. Active and reliable Agents are wanted in every town and county, to whom a liberal discount will be made. Applications for a gencies should be made without attachments \$15 and freight. A most excellent Cotton Planter and Guano Distributer has been added to the machine. The best and most reliable in use, Price \$15 extra.
